

# Aquatic Physiology and Biotechnology

Scientific Research Quarterly

University of Guilan

Vol. 4, No. 4, Winter 2017

## REFEREES

<b>Mohammad Pourkazemi</b>	Professor, Inranin Fisheries Science Research Institute, Molecular Genetics
<b>Abdolali Movahedinia</b>	Associated Professor, Khorramshahr University of Marine Science and Technology, Physiology
<b>Nader Shabanipour</b>	Associated Professor, University of Guilan, Zoology
<b>Hossein Khara</b>	Associate Professor, Islamic Azad University, Lahijan Branch, Fisheries
<b>Bahram Falahatkar</b>	Professor, University of Guilan, Aquaculture
<b>Majid Askari</b>	Assistant Professor, University of Bahonar, Marine Biology
<b>Arash Shakouri</b>	Assistant Professor, Chabahar Maritime University, Marine Ecology
<b>Ali Akbar Hedayati</b>	Associate Professor, Gorgan University of Agricultural Sciences and Natural Resources, Marine Biology
<b>Berooz Heidari</b>	Associate Professor, University of Guilan, Marine Biology
<b>Mahtab Yarmohammadi</b>	Assistant Professor, International Sturgeon Research Institute, Genetics
<b>Amir Parviz Salati</b>	Assistant Professor, Khorramshahr University of Marine Science and Technology, Physiology
<b>Mansour Afshar Mohammadian</b>	Associate Professor, University of Guilan, Plant Ecophysiology
<b>Azadeh Atabati</b>	Assistant Professor, University of Hakin Sabzvari, Marine Biology
<b>Tooba Mirzapour</b>	Assistant Professor, University of Mohaghegh Ardabili, Developmental Biology
<b>Shirin Shahangian</b>	Assistant Professor, University of Guilan, Biochemistry
<b>Mahdi Rasa</b>	Scientific Member, University of Guilan, Microbiology
<b>Akbar Norastehnia</b>	Assistant Professor, University of Guilan, Plant Physiology
<b>Hamid Reza Vaziri</b>	Associate Professor, University of Guilan, Cellular and Molecular Biology

<b>Mohsen Asghari</b>	Assistant Professor, University of Guilan, Biochemistry
<b>Mohammad Sodagar</b>	Associate Professor, Gorgan University of Agricultural Sciences and Natural Resources, Fisheries
<b>Ali Reza Khorshidi</b>	Assistant Professor, University of Guilan, Chemistry
<b>Morteza Yousefzadi</b>	Associate Professor, University of Hormozgan, Plant Physiology
<b>Hojatollah Zamani</b>	Assistant Professor, University of Guilan, Microbiology
<b>Nima Sheikh Bigloo</b>	Assistant Professor, Urmia University, Microbiology
<b>Mohammad Javad Mehdipour</b>	Assistant Professor, University of Guilan, Microbiology
<b>Ahmad Ghasemi</b>	Assistant Professor, University of Persian Gulf

# Aquatic Physiology and Biotechnology

Scientific Research Quarterly

University of Guilan

Vol. 4, No. 4, Winter 2017

## CONTENTS

**Identification and sequence analysis of cDNA encoding the 90-kDa heat shock protein (Hsp90) from the Caspian kutum (*Rutilus frisii kutum*) .. 1-12**

M. Izaddoust Kordmahaleh, H. Ghafoori, S. Sarikhan, B. Heidari

**Inactivation of *Rhabdovirus carpio* (spring viraemia of carp virus) in an EPC cell line by silver nanoparticles ..... 13-28**

B. Ramezani Agheleh, M. Ghasemi, H. Zamani

**Effect of different levels of *Lactobacillus casei* as probiotic on some digestive enzymes of rainbow trout (*Oncorhynchus mykiss*) fingerlings .....29-45**

H. Gooraninejad, N. Javadzadeh, M. Alishahi

**A comparison to neutral and adaptive genetic diversity of cultured populations of silver carp (*Hypophthalmichthys molitrix*) in Iran..... 47-67**

E. Jorfi, M.R. Kalbassi, M. Sadeghizadeh, C. Amirinia

**Effect of replacing dietary fish oil with vegetable oils on serum hepatic enzymes and liver histology of rainbow trout (*Oncorhynchus mykiss*). 69-88**

I. Zare Haghighi, A. Ghelichi, S. Jorjani

**Effectiveness of bioactive compounds produced by *Lactobacillus lactis* in combination with essential oils, salts and acetic acid to control *Listeria monocytogenes* in liquid model and minced meat of *Hypophthalmichthys molitrix* .....89-110**

S.M. Ojagh, E. Abdollahzadeh, B. Shabanpour, M. Kordjazi, R. Khosravi Ghaleh

**The protective effect of vitamin C on DNA breakage of gills and liver cells in rainbow trout (*Oncorhynchus mykiss*) exposed to different concentrations of zinc oxide nanoparticles (ZnO) ..... 111-132**  
E. Chahardeh Baladehi, A.A. Hedayati, H. Kolangi Miandareh, T. Bagheri

# Aquatic Physiology and Biotechnology

Scientific Research Quarterly

University of Guilan

Vol. 4, No. 4, Winter 2017

**Publisher:** University of Guilan  
**Executive Director:** Dr. Behrooz Heidari  
**Editor-in-Chief:** Dr. Nader Shabanipour  
**Editorial Boards:**

<b>Reyhaneh Sariri</b>	Professor, University of Guilan, Biochemistry
<b>Masoud Sattari</b>	Associate Professor, University of Guilan, Fish Disease
<b>Mansour Afshar Mohammadian</b>	Associate Professor, University of Guilan, Plant Ecophysiology
<b>Ahmad Savari</b>	Professor, Khorramshahr University, Ecophysiology
<b>Mahmoud Bahmani</b>	Professor, International Sturgeon Research Institute, Fish Reproduction
<b>Mohamad Pourkazemi</b>	Professor, Iran Fisheries Research Organization, Sturgeon Molecular Genetics
<b>Samad Zare</b>	Professor, University of Urmia, Zoology
<b>Farhad Mashyekhi</b>	Professor, University of Guilan, Cell and Developmental Biology
<b>Zivar Salehi</b>	Professor, University of Guilan, Molecular Genetics
<b>Maryam Fallahi</b>	Associate Professor, Iranian Fisheries Science Research Institute, Plankton Biology
<b>Ali Asghar Khanipour</b>	Associate Professor, Iranian Fisheries Science Research Institute, Industrial Fisheries Technology

Certificated by Scientific Journal Commission of Ministry of Science, Research and Technology with  
No.: 3/18/194974, Date: Dec. 7, 2015

Pulication Perimision from Ministry of Culture and Islamic Guidance with No.: 92/19755, Date: Oct.  
20, 2013
